## ABOUT THE PASA CONFERENCE

The Population Association of Southern Africa (PASA) is pleased to be hosting the 12<sup>th</sup> Annual Population Conference. The PASA Conference is a general scientific conference aimed at advancing population scholarship in the region through sharing of population related research and programs, interaction of scholars and practitioners, as well as exposure to new methods and issues in demography.

Demographers, population scholars, academics, students and practitioners globally, and particularly in the Southern African region are invited to submit abstracts. The conference is organized around Oral Sessions and Poster presentations covering the population sub-themes listed below. Papers related to the Social Development Goals and population dynamics are highly encouraged. The conference will provide an excellent platform for demographers, population scientists and professionals from related fields to interact and share their knowledge on research findings as well as experiences.
